LEASH YOUR PET

AT ALL TIMES

CLEAN UP & CARRY OUT PET WASTE

IT'S THE LAW

Pets must be leashed for the:

- Safety of pets and others.
- Protection of ground-nesting animals near the trail.
- Prevention of damage to sensitive vegetation or other disturbance to natural habitats.
- Respect for other hikers and pets; not every interaction is a welcomed one.

Why clean up after your pet?

- Pet waste carries bacteria, parasites, and viruses.
- Pet waste is pollution. It contaminates the soil and water of our preserves.
- No one wants to see or step in poop!
